Be sure to contact the North Fork Ranger Station (208-476-4541) for road updates or for more information about winter and spring recreation opportunities.

- FSR #250, Hoodoo Pass to Kelly Forks – Still closed by snow

- FSR #247, Beaver Creek – Expect long delays weekdays, 07:00 – 4:30. Open weekends.

Spring visitors to the North Fork Ranger District should plan for deep snow in places, and generally damp conditions. Expect limited access to the backcountry. Several roads and trails remain closed, particularly at higher elevations; other roads are only partially open. There are also a large number of downed trees and rocks in the roadways, districtwide. Visitors are encouraged to carry chainsaws if they plan to venture out on the forest. Be sure to discuss any travel plans with Forest Service officials before heading out.

All forest roads are mountain roads with potential hazards. Appropriate caution is required. Single lane in many places; backing up may be necessary. At a minimum, carry water, a shovel, and an axe.
